

Office Memorandum • UNITED STATES GOVERNMENT

TO

4(c) - 1949 Act

DATE: 14 August 1958

FROM

3A(c) - 1949 Act

SUBJECT: Attached Memorandum for the Record

1.3(a) (4)

Activities and Methods

1. I have made no reference in the Memorandum for the Record to the Director's promise of maps for Mr. Truman nor to the Director's interest in sending Mr. Truman information concerning the Grand Mufti. You can assure him, however, that both matters are being attended to. [REDACTED] is dealing with Otto Guthe on the maps and I am assembling reports on the Grand Mufti.

2. As you will note in the Memorandum for the Record I have referred to the Director's briefing outline as attached. I am sending one thermofax copy of the outline to you herewith in addition to the Director's original. If a better copy is desired we can retype the outline from the thermofax copy which I have retained here. I was not sure, however, that the Director would want to send a copy of the outline with the Memorandum for the Record inasmuch as I am sure the White House is familiar with all the information contained therein.

3. I am also returning herewith the Director's copy of the draft of the President's speech.
